Storage: (\$50) Up to 50 dollars in tubs and storage container costs Will get fter items are complete

Canton Stamp: Alex will research a stamp for the Canton

Canton Dayshade center space: VC type of space would be lovely but impractical (who is going to store it, who is responsible, etc) so: Each family group can create their own of approximately 10 x 20 dayshade and we can connect them for a larger space (Hugh has a sketch). Based on the black and white dayshade Alex owns and the new white cloth Asa and Ora have, Poles of closet rod will be 8 feet on a side and center of 12 feet (8 foot plus sheath and 4 foot addition). With 4 we will have a 40 x 20 space. With 2, a 20 x 20 space

Marshal Farm Site Rules: 1. Have fun. 2. Smoking: only in designated areas (on gravel) 3. Tall Grass: stay out of it (no driving or walking it) 4.
